Patricia:

Sorry for the late reply. I've been on the road traveling back from the Navajo Nation EOC in Window Rock, AZ to Farmington, NM.

Arizona Governor Ducey will be visiting with the Navajo Nation President and Vice-President. The NN Executive Staff Assistant informed us that this was a pre-planned visit to attend a ceremony in honor of Navajo veterans, but due to this happening at the same time NN is responding to Gold King Mine Contamination they will likely discuss the nature of the collective response.

We understand this meeting to happen in Window Rock, AZ.

Thanks,
Josh

This was announced by AZ DEQ on our RRT Region IX daily Gold King Mine spill conference call.

Just in case you hadn't heard.

No more specific info available as to where or whom he is to visit....

Head's up!

Thanks.

P2
